

## **Umbrella Workshop on 5<sup>th</sup> July 2015 at Belapur station**

Rains... They enchant, They surprise, They delight. They have the power to charm & scare you. It can drizzle; it can pour... it can drench you with a shower or stir up a storm. Just one element of nature, yet so many forms.

So this monsoon, try to capture its numerous Avatars or take a trip down memory lane to remember all those poems, sonnets & things that remind you of rains. **Achyut Palav School of Calligraphy** conducts its Annual Umbrella Workshop where you can make art come alive & capture the magic of rains on Umbrellas.

This workshop promises to be an exciting event where you can do calligraphy of words, poems & nature's ravishing beauty during the monsoons.
